

Recovery and Community Working Together

JANUARY ~ MARCH 2025

Important Note: Wyoming County experienced extreme weather patterns throughout the months of January and February, including two major snowstorms and massive flooding. Thankfully, we've been able to serve as a drop-off and pick-up location for relief supplies for our communities.

UPDATES AND NEW PARTNERS

Conference & Training

RECOVERY, RESOURCES, AND COMMUNITY EVENTS

Our conference room gets a full workout catering to community events, and hosting training sessions on a wide range of topics.

JUST A GLIMPSE

More Than Coffee

ON THE JOB TRAINING AND COMMUNITY LIASON

Employing people who are successfully returning to the workplace and who, in turn, help others.

THERE'S MORE

UPDATES AND NEW PARTNERS

Deb has been in conversation with **Stand Together**, and they are currently working to schedule a walk-through One Voice's facility. They are planning to vet One Voice in 2025 ahead of the next funding cycle, and One Voice will be considered for funding in 2026.

Brighter Life will be renting office space and will be placing a counselor on site two days a week for children and adults (Tuesdays and Thursdays). They are going to partner at both One Voice locations in Raleigh and Wyoming Counties.

One Voice has signed a consultative contract with **Mountain Laurel**, with plans to rent office space when a certified peer is hired. One Voice is searching for a peer but is having trouble finding someone who is certified. Their plans are to place a Community Health Worker and a nurse practitioner onsite at One Voice. In January, One Voice signed an MOU with Mountain Laurel to partner on a grant funding opportunity, along with Coalfield Development.

One Voice is partnering with **Coalfield Development's WRAPS** (Workforce Readiness and Professional Success) program to provide job training and personal development curriculum for local people facing barriers to employment in Wyoming County. Coalfield has supported One Voice during the past months by providing flood relief items that One Voice can distribute to those in need. Coalfield Development is also collaborating with One Voice on an Appalachian Regional Commission (ARC) grant application.

Together for Hope is supporting One Voice on a **Benedum Foundation** Grant. They are helping to develop a training model, curriculum, Recovery Community Organization (RCO) replication model, business model, and focused on building sustainability. Professor Harold Tessendorf is conducting a virtual walk-through of One Voice in March.

By the Numbers

- → Conducted 44 CARE intakes.
- → Distributed 12 Narcan Kits.
- → Facilitated 581 referrals by the CARE team.
- → Assisted 5 with admission to treatment.
- → Trained 19 in Adult Mental Health First Aid
- → Referred 100% of clients to Primary (Family HealthCare) and Dental Care (Oceana Dental).
- → Continued collection of intake and reassessment data and monitoring of outcome data.

MORE THAN COFFEE

Set up for a private celebratory event

An evening community event in the courtyard

One Voice is a host site for both community and private events. One Cup, in addition to being a Coffee Shop, also caters both community and private events.

Please Click here for more information

regarding One Cup speciality teas, coffee, and daily offerings
as well as event hosting and catering.

What you don't see here are the real people who work at One Voice / One Cup. Those who are in recovery; putting their lives back together, learning new skills, gaining confidence, shouldering responsibility, learning and then teaching others.

»»» What you don't see here is what One Voice / One Cup is REALLY all about: <<<

Rescuing, Restoring, Rebuilding Communities

Everything else is a means to that end.

About One Voice

Established 2005

Who We Are

One Voice is a nonprofit public charity established in 2005. Our volunteers have been serving communities across the state and nation by helping individuals and their families who struggle with substance use and other life controlling issues. West Virginia is ranked number 1 in the nation for overdoses and deaths. Through the years we have seen this worsen on many levels, however, grassroots companies like One Voice are working diligently everyday to help our communities...one family at a time.
